BE PREPARED!
HURRICANE SEASON
(JUNE 1 TO NOV. 30)

Do you know what to do if a hurricane threatens the Rio Grande Valley? When do you show up for work or classes after a storm strikes? Remember, we live in an area that is at high risk for hurricanes, so don’t let one catch you off-guard. Formulate your plan, share it with others and practice utilizing it before an emergency happens.

REGISTER FOR THE EMERGENCY NOTIFICATION SYSTEM
Visit www.tsc.edu/alerts.

IF A HURRICANE THREATENS, AND IF TSC CLOSES
• Watch for the hurricane alert notices at www.tsc.edu/alerts.
• Notifications will also be sent via the TSC Emergency Notification System (TSC-ENS).

DURING AND AFTER THE STORM
• Watch for the hurricane alert notices at www.tsc.edu/alerts.
• Notifications will also be sent via the TSC-ENS.
• Messages will be sent to students and employees who are registered in the notification system.
• Monitor media stations during and after the storm.
