Automotive Technology
Associate of Applied Science

Texas Southmost College
Health Care, Career and Technical Education Division

A degree in Automotive Technology will prepare students for positions as an auto-mechanic. This degree prepares the student to utilize appropriate safety procedures, perform tasks included in the degree plan to determine extend of auto-mechanic practices, type of equipment and tools, vehicle subsystems, auto-mechanic maintenance and professional responsibility.

FIRST YEAR - FALL SEMESTER
ENGL 1301 Composition I .............................................................................................................. 3
AUMT 1253 Automotive Electrical Systems Theory ................................................................. 2
AUMT 1249 Automotive Electronics Theory .................................................................................. 2
AUMT 1305 Introduction to Automotive Technology ................................................................. 3
AUMT 2205 Automotive Engine Theory ...................................................................................... 2
XXXX X3XX Language, Philosophy & Culture/Creative Arts Elective ........................................... 3

FIRST YEAR - SPRING SEMESTER
AUMT 2215 Automotive Engine Performance Analysis Theory I ................................................. 2
AUMT 1407 Automotive Electrical Systems .................................................................................. 4
AUMT 1213 Automotive Suspension and Steering Systems Theory ........................................... 2
AUMT 1257 Automotive Brake Systems Theory ........................................................................... 2
AUMT 1266 Practicum (or Field Experience) – Automobile/Automotive Mechanics Technology/Technician ...... 2
MATH 1314 College Algebra ......................................................................................................... 3

SECOND YEAR - FALL SEMESTER
AUMT 1310 Automotive Brake Systems ..................................................................................... 3
AUMT 1316 Automotive Suspension and Steering Systems ....................................................... 3
AUMT 2388 Internship Automobile/Automotive Mechanics Technology/Technician ................... 3
AUMT 2313 Automotive Drive Train and Axles ........................................................................... 3
SPCH 1315 Public Speaking OR SPCH 1318 Interpersonal Communication ......................................... 3

SECOND YEAR - SPRING SEMESTER
XXXX X3XX Social and Behavior Science Elective ....................................................................... 3
AUMT 2323 Automotive Automatic Transmission and Transaxle Theory ..................................... 3
AUMT 1341 Automotive Climate Control Systems .................................................................... 3
AUMT 1345 Automotive Climate Control Systems .................................................................... 3
AUMT 2325 Automotive Automatic Transmission and Transaxle ............................................. 3

TOTAL CREDIT HOURS FOR GRADUATION - 60

* Grade of “C” or better is required for graduation.
1 Language, Philosophy & Culture/Creative Arts Elective(s): Any General Education Core course that meets these categories
2 Social and Behavioral Sciences Elective(s): Any General Education Core course that meets these categories.

TSI Requirement (Texas Success Initiative - any other state-approved test) - Student must pass all three sections of state-approved test to graduate with this degree.

A minimum grade of “C” must be obtained in each (AUMT) course required in the degree plan.
