

**Memorandum of Understanding Between Texas Southmost College
and the University Of New Haven
regarding the Bachelors of Science (BS) Degree Completion Online Program
in Paramedicine**

Statement of Work:

Texas Southmost College and the University of New Haven, recognizing the importance of providing seamless coordination between the respective institutions, in the implementation of their educational partnership hereby enter into a Memorandum of Understanding to provide a pathway to recruit and assist students from Texas Southmost College to complete their Bachelors of Science (BS) Degree Completion Online Program in Paramedicine.

This Memorandum of Understanding, which is effective on the date of the final signature, outlines opportunities for graduates of Texas Southmost College Paramedic Certificate Program who are academically qualified a pathway for completing a bachelor's degree at the University of New Haven.

Responsibilities:

1. Texas Southmost College graduating students who possess a National Registry Paramedic Certification and wish to pursue degree completion will complete an online application to the University of New Haven Online Paramedicine Degree Completion Program.
2. The Paramedic Program students of Texas Southmost College accepted to the University of New Haven will receive a maximum of 56 credits (plus 6 credits for EMT) for the successful completion of their National Registry Paramedic Certificate deemed comparable based on current course description information (2022-2023 UNH Catalog), course requirements, and agreement by the representatives of the respective programs to current University of New Haven courses. (See accompanying degree plan table for course equivalents.)
3. Based on placement testing, the new student may be required to complete developmental courses in English or mathematics prior to enrolling in a program's required courses in those disciplines.
4. The MOU will be reviewed annually and may be revised by mutual consent. In addition, Texas Southmost College and the University of New Haven agree to notify one another of program changes that might affect the students under this agreement. This agreement may be terminated by either party following written notification to the other party, which termination shall be effective no sooner than (1) one month after such notification is received, or (2) at another time established by mutual consent.

5. Both organizations acknowledge the right to use each other's names in print and media advertising for the purpose of marketing the programs, described herein. All materials must be approved by the respective point person at the partner institution.

6. Texas Southmost College agrees to provide to the University of New Haven student information for the express purpose of contacting Texas Southmost College Paramedicine Certificate graduates directly regarding the degree program between the two institutions described in this MOU in compliance with all applicable state and federal laws.

7. This agreement is predicated on the satisfactory, and continued, accreditation of Texas Southmost College by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Profession (CoAEMSP).

We, the undersigned, as the representatives of Texas Southmost College and University of New Haven, hereby demonstrate our commitment to full implementation of the MOU.
