Adding an Assignment Group

Using Assignment Groups allows you to organize the assignments in your course. (Example: Assignments, Exams, Projects) You can also weight the final grade based on assignment groups.

1. In Course Navigation, click the Assignments link.

Home
Assignments
Modules
Syllabus
Quizzes
Files
Grades

2. Click the Add Group button.

+ Group	+ Assignment	•
---------	--------------	---

3. Type the Assignment Group Name in the Group Name field. Click the **Save** button.

Add Assignment Group	×	;
Group Name:	e.g., Essay Group 1	
	Cancel Save	

Note: You must create assignment groups before you can assign percentages to each group.

4. View your Assignment Group.

Weekly Assignments	(10% of Total) + :

To manage an assignment group, click the group's **Settings** drop-down menu **(1)**. To edit the Assignment Group, click the **Edit** button **(2)**. You can edit the Assignment Group name. After you've added assignments to your Assignment Group, you can also edit the Assignment Group to set Assignment Group rules. You can also delete the Assignment Group **(3)** <u>see Deleting an Assignment</u> <u>Group</u>.

Edit Assignment Group Weights

1. Click on the gear icon at the top of the page. Then click on Assignment Group Weights.

A new dialogue box will open.

- 2. Select the checkbox, if it has not been selected.
- 3. Enter the percentages in the entry fields.
- 4. Click Save.

Deleting an Assignment Group

To delete the Assignment Group, click the **Delete** button.

If you want to delete an assignment group that has assignments in it, Canvas will ask you if you want to Delete the assignments (default) (1) or move the assignments to another group (2). When you are finished, click the **Delete Group** button (3).

How Do I Create an Assignment?

You can create assignments on the Assignments page. You can create an assignment shell, which is a placeholder for an assignment within an assignment group, or you can create an entire assignment with all the assignment details at the same time.

Adding an Assignment Shell

If you just want to create an assignment placeholder with a title and a date, you can create an assignment shell in an assignment group.

In the Courses tab:

- 1. In Course Navigation, click the **Assignments** link.
- 2. To create an assignment shell, locate an assignment group and click the **Add Assignment** button. **Note:** Assignment shells only include fields for the assignment type, name, due date (optional), and points. You can add assignment details at any time by editing the assignment.

Search for Assignment	+ Quiz/Test + Group + Assignment :
ii • Assignments	
ii • Chapter Quizzes	1 Rule • + :
Essays	2 Rules • + :

3. Click the Save button to save your assignment.

Add Assignment to As	signments	×
Туре:	Assignment •	
Name:		
Due:		
Points:		
More Options	Cancel Save & Publish	Save

Note: You should not publish your assignment until it is your final product. If you are ready to publish and make it available to students, click the *Save & Publish* button.

Adding an Assignment with Details

If you want to create an assignment with all assignment details at the same time, click the **Add Assignment** button.

Search for Assignment	+ Quiz/Test + Group. + Assignment	•
⋮ ► Assignments		

Assignment details include fields for the assignment type, name, description, **points**, assignment group (if desired), grade display, and submission type, and due dates. You can also specify if the assignment is a group assignment or requires peer reviews.

When you add details to an assignment, you can also assign the assignment to all students, course sections, course groups, or individual students as part of the Canvas differentiated assignments feature.

Note: Please see <u>https://community.canvaslms.com/docs/DOC-2637</u> for more information regarding the different options available.

Editing an Assignment

You can edit the settings for your assignment by:

Opening the Course:

- 1. In Course Navigation, click the **Assignments** link.
- 2. Open settings tab and Click the **Edit** button.

3. Click on the **More Options** button to expand the assignment window. Now you can edit assignment as needed.

More Options	Cancel	Save & Publish	Save

4. When you are done editing the assignment click the **Save** button or the **Save & Publish** button as needed.

Deleting an Assignment

You can delete an assignment from your course if necessary.

- Deleting a graded assignment also removes the assignment from the Gradebook.
- If you are using Multiple Grading Periods, you cannot delete individual assignments for any student, group, or section in a closed grading period.

In the Course:

- 1. In Course Navigation, click the **Assignments** link.
- 2. Locate the assignment you want to delete and click the **Settings** icon.
- 3. Click the **Delete** button.
- 4. Click the **OK** button to confirm the deletion.

How Do I Create a Quiz on Canvas?

1. In Course Navigation, click the **Quizzes** link.

2. Click the Add Quiz button.

3. A new page will load.

In the Details tab, enter the name of your quiz **[1].** In the Rich Content Editor **[2]**, introduce your quiz with formatted text, images, video, or sample math equations. You can even use the media commenting tool to record an introduction to the quiz.

	Details	Questions		> Pages
1	Unnamed	Quiz		> Assignments
	Quiz Instruc		HTML Editor	> Quizzes
		<u> </u>		> Announcements
				> Discussions
				> Modules
				> Course Navigation

Complete the rest of the quiz options.

Options include the following.

Quiz Type Assignment Group Shuffle Answers Time Limit Multiple Attempts Due Dates

Note: Please see <u>https://community.canvaslms.com/docs/DOC-2895</u> for more information regarding quiz options.

Adding Questions to a Quiz/Exam

1. Click the Questions tab **[1].** Manually create a new quiz question by clicking the New Question button **[2].**

Details Questions		
2		
+ New Question	+ New Question Group	\bigcirc Find Questions

Optional: Custom names can help you identify quiz questions more easily. To add a custom name to your quiz question, enter the name in the question text field.

_													
[Quest	tion			Multip	le Cho	ice		•			pts:	1
-												. (
En	ter you	ur ques	tion and	d multipl	e answe	rs, then	select th	ne one co	orrect ans	swer.			
Q	uesti	on:									HTML E	ditor	

Regardless of the question name, students always see quiz questions in numerical order (i.e. Question 1, Question 2).

2. Select question type.

In the question type drop-down menu, you can create the following types of quiz questions:

- Multiple Choice
- Fill-in-the-Blank
- Fill-in-Multiple-Blanks
- Multiple Answers
- Multiple Drop-down
- Matching

- True/False
- Numerical Answer
- Formula Question
- Essay
- File Upload

3. To set the point value for the question, enter the points in the **pts** field.

	Question	Multiple Choice	\$	pts: 1
--	----------	-----------------	----	--------

Note: Quiz point values support up to two decimal places. Entering more than two decimal places will round the point value to the nearest hundredth.

4. Use the question edit area to enter the question and answers.

Enter your question and multiple answers, then select the one correct answer.

- 5. Click **Update Question** to save the changes made.
- 6. Repeat the steps above to add more questions.
- 7. Click the **Save** button to save your work and preview the quiz.

Cancel	Save & Publish	Save
--------	----------------	------

Note: You should not publish your quiz until it is your final product. If you are ready to publish your quiz and make it available to students, click the **Save & Publish** button.

Creating Question Groups

You can create a quiz using a question group. Question groups allow you to place multiple questions within a group for students to answer. You can choose the number of questions that should be answered from the group and how many points to assign each question. Creating a question group randomizes questions within a quiz.

1. Click the Questions tab (1). Click the New Question Group button (2).

Details Questions 1		
⊕ New Question	• New Question Group 2 Q Find Questions	

- 2. Give your question group a name (1).
- Regardless of the question group name, students always see quiz questions in numerical order (i.e. Question 1, Question 2).

Group	Pick	1	questions,	1	pts per ques
Q Link to a Question Bank		2		3	
Cancel Create Group					

- 4. Decide how many questions you want Canvas to randomly select from the group (2) and the number of points assigned to each question (3).
- 5. If you want to link a question bank to the question group, click the **Link to a Question Bank** link.

Group	Pick	1	questions,	1	pts per question
Cancel Create Group					

6. Select the question bank you want to use.

7. Save the changes to your quiz.

Viewing Questions and Publishing

To view questions details, click the **Show Question Details** checkbox.

Note: Question details are not available in quizzes with more than 25 questions.

Details Questions	
Show Question Details	
I Question	1 pts
A pound of gold weighs more than a pound of feathers	
I Question	1 pts
A tub holds 5000 liters of water. The tub is filled with 4000 liters of water. An object with a volume of 1100 liters, a mass of 60 kilograms, and a height of 120 cm is dropped into the tub. Given these parameters, the water in the tub will not overflow.	

Click the **Preview** button **[1]** to see what students will see when they take the quiz. If the preview shows the quiz the way you want it, click the **Publish** button **[2]**.

Note: Although you can make changes to the quiz after it is published, students who have already opened or completed the quiz will not see any of the changes, which may affect their grades.
