### **Results:**

Texas Southmost College (TSC) regularly tracks the percentage of course completion through the Office of Institutional Research. This data tracking takes place as part of the TSC's Vision 2023 Strategic Plan. Institutional data for this outcome was derived from the Texas Higher Education Coordinating Board (THECB), Data Resources for the Legislative Budget Board (LBB) Performance Measures (2019 – 2024 reports) for Texas Community, Technical, and State Colleges. Overall, TSC has experience a low but steady course completion in the number of contact hours completed on the majority of the years presented.
