This information is provided as an example only. You will develop a personalized plan with your Success Coach and faculty advisor/mentor that reflects your goals and interests. You are required to meet with an advisor each semester to ensure you are on track for graduation. This document does not contain all the information you need to stay on track for graduation.

### Program Student Learning Outcomes

Program Student Learning Outcomes (PSLO) are statements that specify what students will know, be able to do or be able to demonstrate when they have completed the program.

1. Students will be able to demonstrate and analyze the proper usage of materials (2x's, plywood, roofing, etc.)
2. Students will be able to analyze and read a tape measure, plus demonstrate proper usage of electric hand tools and power equipment.
3. Students will analyze how to read blue print drawings, estimate materials, and demonstrate construction of a structure.
